

GHC INSTRUCTIONAL METHODS

CODE	CATEGORY	DESCRIPTION
E	Entirely at a distance	This course is delivered 100% through distance education technology. No visits to campus or designated site are required.
F	Fully at a distance	All or nearly all of the class sessions are delivered via technology. The course does not require students to travel to a classroom for instruction; however, it might require students to travel to a site to attend an orientation or to take exams. (NOTE: This is generally equivalent to delivering more than 95 percent of sessions via technology.)
H	Hybrid	Technology is used to deliver 50 percent or less of class sessions, but at least one class session is replaced by technology.
P	Partially at a distance	Technology is used to deliver between 51 and 95 percent of class sessions, but visits to a classroom (or similar site) are required. (NOTE: If a course is offered through two-way interactive video, then it should be coded partially at a distance because students must meet at a designated location.)
T	Technology enhanced	Technology is used in delivering instruction to all students in the section, but no class sessions are replaced by technology
