

APPLY TO THE PROGRAM	This is an abbreviated version of the process that students can use to earn honors credit and other distinctions , including the relevant deadlines for this academic year. The first step is to apply to join the Honors Program and pursue honors credit. Any admitted GHC student may meet qualifications to join the Program, including Dual Enrollment and Transient students.

	App Deadline	September 15			February 16			June 12 Fri 2.5 wks in		
PROJECT CONTRACT	Once admitted, you may choose to pursue honors credit instead of regular credit during that semester and afterwards. Work with one of your current instructors <u>in any credit-bearing 16-week full-term course</u> to plan a research project relevant to that course. You and your instructor agree on a plan of work, and describe the plan in your Honors Contract .

NEXT STEPS	Once successful on any 16-week full term course honors project, you are allowed to attempt honors projects in 8-week terms. You do not need to reapply each term, but you do need to maintain your GPA at acceptable levels to remain in good standing with the Program. You also do not need to complete a project every semester to remain in the Honors Program, but you may choose to do so to earn additional honors credit and other distinctions , and receive support for further opportunities .
