

# Performance Drug List for Clients with Advanced Control Specialty Formulary™

The **CVS/caremark® Performance Drug List for Clients with Advanced Control Specialty Formulary™** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

## PLAN MEMBER

Your benefit plan provides you with a prescription benefit program administered by CVS/caremark. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list along when you or a covered family member sees a doctor.

### Please note:

- Your specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the U.S. Food and Drug Administration (FDA) may not be covered upon release to the market.
- You may be responsible for the full cost of non-formulary products that are removed from coverage.
- For specific information regarding your prescription benefit coverage and copay<sup>1</sup> information, please visit [www.caremark.com](http://www.caremark.com) or contact a CVS/caremark Customer Care representative.
- CVS/caremark may contact your doctor after receiving your prescription to request consideration of a drug list product or generic equivalent. This may result in your doctor prescribing, when medically appropriate, a different brand-name product or generic equivalent in place of your original prescription.
- In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market.

## HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan administered by CVS/caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand name on this list.

### Please note:

- Generics should be considered the first line of prescribing.
- This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the FDA may not be covered upon release to the market.
- The member's prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to [www.caremark.com](http://www.caremark.com) to check coverage and copay information for a specific medicine.

### ANALGESICS

#### § NSAIDs

*diclofenac sodium*  
*meloxicam*  
*naproxen*

#### § NSAIDs, COMBINATIONS

*diclofenac sodium-misoprostol*

#### § NSAIDs, TOPICAL

*diclofenac sodium solution*  
VOLTAREN GEL

#### § COX-2 INHIBITORS

*celecoxib*

#### § GOUT

*allopurinol*

*colchicine tablet*

*probenecid*  
COLCRYS  
ULORIC

#### § OPIOID ANALGESICS

*codeine-acetaminophen*  
*fentanyl transdermal*  
*fentanyl transmucosal lozenge*  
*hydrocodone-acetaminophen*  
*hydromorphone*  
*hydromorphone ext-rel*  
*methadone*  
*morphine*  
*morphine ext-rel*  
*morphine suppository*  
*oxycodone*  
*oxycodone-acetaminophen*  
*tramadol*

*tramadol ext-rel*

### ANTI-INFECTIVES

#### ANTIBACTERIALS

#### § CEPHALOSPORINS

*cefdinir*  
*cefprozil*  
*cefuroxime axetil*  
*cephalexin*  
SUPRAX

#### § ERYTHROMYCINS / MACROLIDES

*azithromycin*  
*clarithromycin*  
*clarithromycin ext-rel*  
*erythromycins*  
DIFICID

#### § FLUOROQUINOLONES

*ciprofloxacin*  
*ciprofloxacin ext-rel*  
*levofloxacin*  
*moxifloxacin*

#### § PENICILLINS

*amoxicillin*  
*amoxicillin-clavulanate*  
*dicloxacillin*  
*penicillin VK*

#### § TETRACYCLINES

*doxycycline hyclate*  
*minocycline*  
*tetracycline*

#### § ANTIFUNGALS

*fluconazole*  
*itraconazole*  
*terbinafine tablet*

#### ANTIVIRALS

§ CYTOMEGALOVIRUS AGENTS  
*valganciclovir*

#### § HERPES AGENTS

*acyclovir*  
*valacyclovir*

INFLUENZA AGENTS  
RELENZA  
TAMIFLU

§ MISCELLANEOUS

clindamycin  
ivermectin  
metronidazole  
nitrofurantoin  
sulfamethoxazole-

You may be responsible for the full cost of certain non-formulary products that are removed from coverage. Please check with your plan sponsor for more information.

**FOR YOUR INFORMATION: Generics should be considered the first line of prescribing.** This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. New-to-market products and new variations of products already in the marketplace will not be added to the formulary until the product has been evaluated, determined to be clinically appropriate and cost-effective, and approved by the CVS/caremark Pharmacy and Therapeutics Committee (or other appropriate reviewing body). In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to [www.caremark.com](http://www.caremark.com) to check coverage and copay information for a specific medicine.

\* The preferred options in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

§ Generics are available in this class and should be considered the first line of prescribing.

<sup>1</sup> Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

<sup>2</sup> Listing does not include generic Cardizem LA.

<sup>3</sup> A OneTouch blood glucose meter will be provided at no charge by the manufacturer to those individuals currently using a meter other than OneTouch. For more information on how to obtain a blood glucose meter, call toll-free: 1-800-588-4456. Members must have CVS/caremark Mail Service Pharmacy™ benefits to qualify.

<sup>4</sup> OneTouch brand test strips are the only preferred options.

<sup>5</sup> An exception process is in place for specific clinical circumstances that may require continued coverage for Freestyle diabetic test strips. If your doctor believes you have a specific clinical need for this product, he or she should fax an exception request toll-free to: 1-888-487-9257. Your plan may choose to provide an exception process for additional medications on this list.

<sup>6</sup> Listing includes Relion Insulin products.

<sup>7</sup> Listing reflects the authorized generics for Testim and Vogelxo.

**Plan member privacy is important to us. Our employees are trained regarding the appropriate way to handle members' private health information.**

CVS/caremark may receive rebates, discounts and service fees from pharmaceutical manufacturers for certain listed products. This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS/caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

The information contained in this document is proprietary. The information may not be copied in whole or in part without written permission.
