

LEADING DURING CHANGE

This course is appropriate for managers and administrators who are responsible for leading their teams through change.

Change can be a frightening and emotionally challenging time for the people in our organizations. There are many ways to manage a change in our organization, but management and leadership are two different things.

When our employees face the fears and challenges that come with change, how we lead those changes can make all the difference in how successful everyone is.

Participants in this course will learn to:

- Understand and manage reaction to change
- Learn the 4 principles of change leadership
- Gain skills to help their organization navigate the challenges of change

"Even if you're on the right track you'll get run over if you just sit there." – Will Rogers

"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one that is most adaptable to change." – Charles Darwin
