

Mail Service Pharmacy

Rx delivered to your door

Save on medications you take regularly (such as high blood pressure or diabetes medicine) when you have them delivered by mail, in 90-day supplies, from CVS Caremark Mail Service Pharmacy. It's an easy way to make sure you have the medication you need, when you need it, with one less thing to worry about.

Savings

One 90-day supply typically costs less than three 30-day supplies, so you can be sure you're paying a lower price. And we deliver by mail, anywhere you choose, with no-cost shipping.

Convenience

Mail delivery means no more monthly trips to the pharmacy, and with automatic refills, you won't need to keep track of refill schedules either. We alert you 10 days before a refill in case you need to change the delivery date or location.

Safety

Every order is filled by a licensed pharmacist, then quality checked before shipping. Our discreet packages are tamper-proof, weather-proof and temperature controlled. Plus, we'll send status alerts by email, phone or text – so there's nothing to worry about.
