Georgia Highlands College Organizational Structure

GEORGIA HIGHLANDS COLLEGE

Revised: 3/13/12

GENERAL INFORMATION

Historical Highlights and Background

- In 1968, the Board of Regents of the University System of Georgia authorized the establishment of Floyd Junior College in Floyd County; in December 1969, the Board of Regents appointed Dr. David B. McCorkle as the first president of the college.
- Initially, the Rome Chamber of Commerce provided the college with temporary facilities above their offices, but by November 1970, some business office operations moved to the Rome campus, and plant operations began when the maintenance building was approved that same month.
- In Spring Quarter 1971, a provisional student government organization began.
- In February 1971, a Continuing Education community service program was inaugurated to offer the public the opportunity to take short courses in special interest fields.
- The associate degree program in nursing began in fall quarter 1971 with an enrollment of nearly 100.
- In June 1972, the college graduated its first class of 47 students who received associate degrees.
- In December 1972, the college received initial accreditation. Reaffirmation of accreditation was achieved upon completion of self-study in 1976, in 1986, and in 1996.
- In 1972, the college pioneered the development of cooperative programs with Coosa Valley Technical Institute, and, since 1989, has offered joint programs with North Metro Technical Institute in Acworth.
- Effective September 1987, the Board of Regents mandated that neither the word "junior" nor "community" was to be used in the title of any college unit of the University System of Georgia. Thus, Floyd Junior College became Floyd College.
- Dr. David B. McCorkle retired on June 30, 1991, after 21 years of service as president of the college. Dr. Richard Trimble was appointed acting president of Floyd College and served until November 16, 1992 when Dr. H. Lynn Cundiff became the college's second President.
- In 1994, Floyd College continued its expansion and outreach by acquiring the East Rome Junior High School facility in downtown Rome. The college began offering classes in the building (now called Heritage Hall) winter quarter 1995. A portion of the facility is used to house a television studio through which academic classes are broadcast over local cable channels.
- Floyd College expanded to two new instructional sites at Cartersville and Acworth.
- In 2000, The Board of Regents allocated funding for architectural design of a new campus facility in Cartersville. The college broke ground on the new campus on July 17, 2002. On August 20, 2005, the new campus on Route 20 in Bartow County opened for classes.
- Dr. Lynn Cundiff resigned as president July 31, 2000. Rob Watts was appointed as interim president August 1, 2000, and he served until June 14, 2001, at which point Dr. Randy Pierce was appointed president, and began service June 15, 2001.
- Because of the institution's continuing expansion south and east of the founding campus, plus the need to raise funds for well-defined initiatives such as scholarship and professional development, the college began exploring the possibility of changing its name to reflect its broader geographic reach in 2004. In March 2005, the Board of Regents approved a name change for the college, which became Georgia Highlands College on August 1, 2005.
- A teaching site was opened in Marietta on the campus of Southern Polytechnic State University in June 2005.

- In 2008, the Board of Regents recommended that Georgia Highlands open two new instructional sites, one in Paulding County and one in Douglas County, for Fall semester, 2009.
- In 2011, the Board of Regents approved a sector change for the college, moving Georgia Highlands to the state college level.
- The college's first four-year program will be a BSN completion program in Nursing, to begin in Fall 2013.
- In Fall 2012, the college will begin a new intercollegiate athletics program, as part of the National Junior College Athletic Association. GHC's first sport will be basketball.

Characteristics of the Institution

Georgia Highlands College, a state college of the University System of Georgia under the governance of the Board of Regents, was founded in 1970 to provide educational opportunities for the physical, intellectual, and cultural development of a diverse population in seven northwest Georgia counties. With the advent of distance learning technologies, specialty programs, five thriving campus locations, and collaborative arrangements, the College has expanded its scope of influence beyond the institution's original geographical area.

Purpose

The purpose of Georgia Highlands College is to provide access to a teaching and learning environment that prepares our students to thrive in a global society.

Philosophy

The philosophy of Georgia Highlands College is expressed in the beliefs that education is essential to the intellectual, physical, economic, social, emotional, cultural, and environmental well-being of individuals and society and that education should be geographically and physically accessible and affordable. In support of this philosophy, the College maintains a teaching/learning environment which promotes inclusiveness and provides educational opportunities, programs and services of excellence in response to documented needs.

Shared Values

1. Access—making programs and services available within our service area
2. Student Success—placing students' goals at the heart of what we do
3. Integrity—demonstrating an ethical approach by our words and actions
4. Excellence—providing the highest level of quality service and teaching
5. Freedom of expression—allowing all campus constituents to share thoughts and feelings in an honorable and open way
6. Inclusiveness—appreciating and incorporating the uniqueness of all individuals
7. Cooperation—modeling and forming collegial and productive relationships
8. Passion—inspiring others to create an environment of teaching, learning and work where all parties grow and are challenged
9. Critical Thinking—making decisions informed by data and shaped by context
10. Collaboration—building and fostering relationships that provide the highest mutual benefit to the college and the communities we serve

Mission Statement

The mission of Georgia Highlands College, a state college of the University System of Georgia, is to provide access to excellent educational opportunities for the intellectual, cultural and physical development of a diverse population through pre-baccalaureate associate degree transfer programs, career associate degree programs, and targeted baccalaureate degree programs that meet the economic development needs of the region.

Mission Goals

To achieve the mission of being a gateway to success for students, Georgia Highlands College has articulated the following goals:

- Effect quality teaching and learning that are focused on academic achievement and personal and professional growth.
- Provide comprehensive student services that encourage and enable all students to be successful learners.
- Engage students in a challenging atmosphere that prepares them for responsibility and leadership in an evolving global environment.
- Utilize appropriate technologies to advance programs, services and operations to support teaching and learning.
- Maintain efficient and effective administrative services to support all programs of the college.
- Foster community relationships that facilitate partnering for mutual success.

Vision

The vision of Georgia Highlands College is to be the premiere public, multi-campus institution of choice throughout our region, while serving as the state leader in transfer and retention within our sector.

Institutional Memberships and Accreditation

Accreditation:

Georgia Highlands College is accredited to award the Associate Degree by the following agency:

**Commission on Colleges of the Southern Association of Colleges and Schools
1866 Southern Lane
Decatur, GA 30033**

The Georgia Highlands College Nursing Program is accredited by the following agencies:

**National League of Nursing Accrediting Commission
61 Broadway,
New York, NY 10006**

**Georgia Board of Nursing
237 Coliseum Drive
Macon, GA 31217-3858**

The Georgia Highlands College Dental Hygiene Program is accredited by the following agency:

**Commission on Dental Accreditation
211 East Chicago Avenue
Chicago, IL 60611**

Affirmative Action/Non-discrimination Statement

Georgia Highlands College is committed to the principles of affirmative action and non-discrimination. The College welcomes diversity in its student body, faculty, staff and administration. GHC admits students, hires, evaluates, promotes, and rewards employees on the basis of the needs of the College and relevant performance criteria without regard to race, gender, age, disability, national origin, ethnicity, veteran's status or religion. It actively promotes respect of each individual.

In addition to those individuals already formally affiliated with the College, this affirmative action, non-discrimination principles are applied equally to all applicants for admission to any of the College's academic programs and to all applicants for employment by the College in any of its enterprise. The College maintains an Affirmative Action Process, and a system for addressing concerns relating to affirmative action and non-discrimination Principles.

Disability Services Complaints

Employees—Grievance Procedure

Employees with disabilities should have their grievances heard by the Human Resources Office.

Grievances in regard to rights under Section 504 should be filed with Student Support Services. This non-discrimination policy covers admission and activities, including but not limited to academic admissions, financial aid, educational services, and employment.

Students—Grievance Procedure

Any qualified person who believes that he/she has been excluded from participation in or denied the benefits of any service, program, or activity offered by Georgia Highlands College may seek redress by following the procedures below:

1. The person should attempt to resolve the complaint through informal conferences with the faculty/staff member involved.
2. If the aggrieved person cannot satisfactorily resolve the complaint through informal conference, he/she should direct his/her complaint in writing or in person to Student Support Services.
3. If requested by the aggrieved, the complaint may be heard by a grievance committee. The complaint should be in writing with supporting information. The response from the committee will be provided in writing.
4. If the aggrieved person still cannot satisfactorily resolve the complaint, he/she should direct his/her complaint in writing to the Vice President of Academic and Student Affairs.
5. If the aggrieved person is dissatisfied with results of any of these actions, he/she may direct his/her complaint to the President of Georgia Highlands College.

Anyone desiring information concerning these provisions should contact the Student Support Services Representative at their respective campus.

GED Student		398

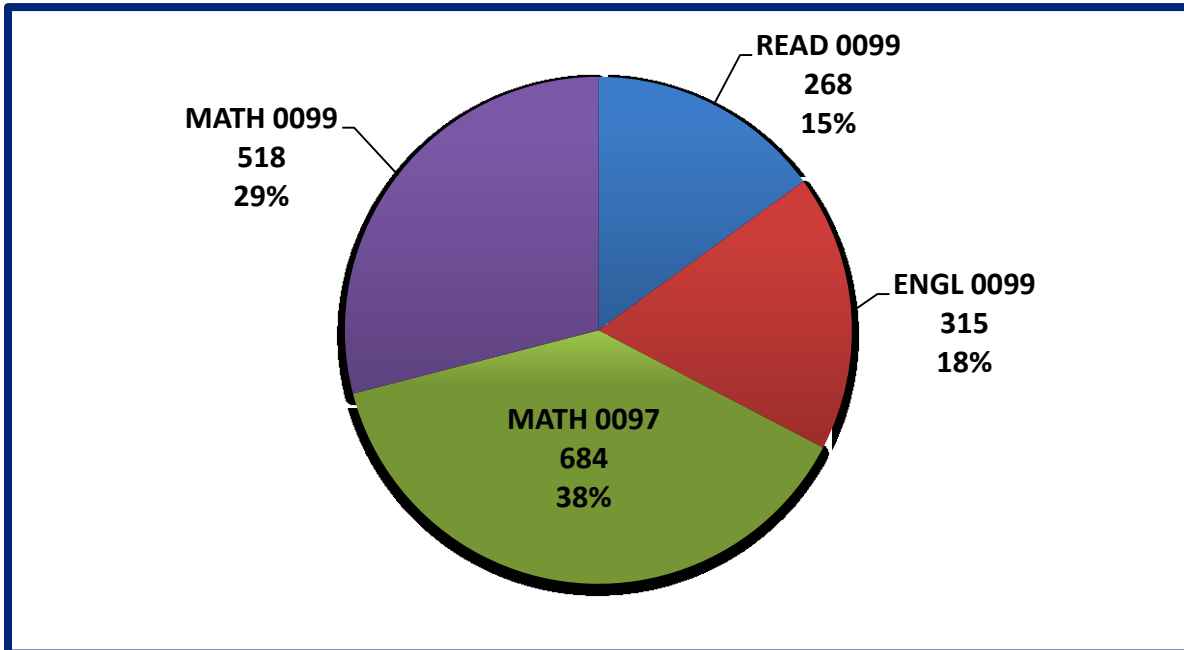

Average Composite Scholastic Assessment Test (SAT) Scores for Entering Freshmen

Year	Composite Score
2007-2008	898
2008-2009	883
2009-2010	904
2010-2011	886
2011-2012	879

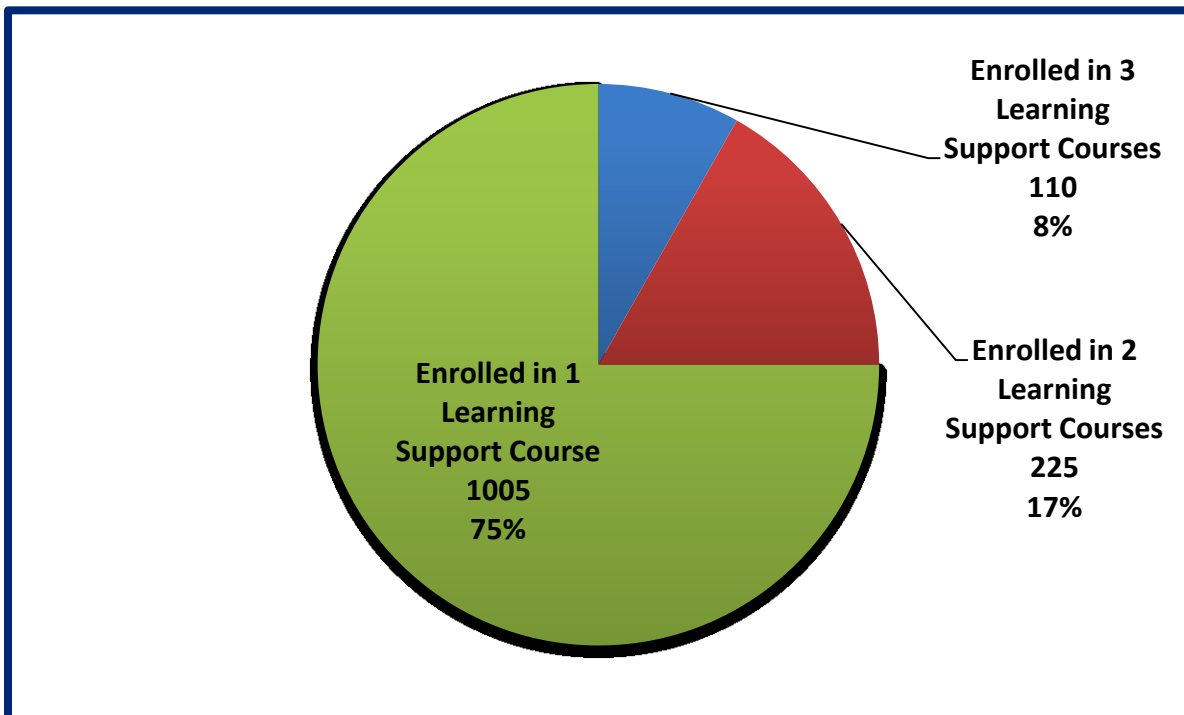

Note:

- 1. Students with missing data on SAT, students with GED's, students admitted into program not requiring SAT scores, and students admitted based on ACT scores are not included in calculating the composite scores*
- 2. The composite score is derived by summing the SAT verbal score and the SAT math score. The possible range for SATV and SATM is 200 through 800; the possible composite score range is 400 through 1600.*

Library

The Georgia Highlands College Libraries support the College's mission of teaching, research, and service, and provide access to resources in all formats in order to meet the curricular and intellectual needs of the Georgia Highlands College community.

Our Vision

- Treat every library patron with courtesy, dignity, and respect.
- Provide the best possible library resources and services for students, faculty, staff, and the community.
- Do our utmost to meet the research and information needs of every library patron.

In order to better meet the needs of our six GHC locations, our libraries have made many changes in recent years. Our Georgia Highlands College Libraries have more than 74,000 printed books, held at the Floyd and Cartersville Campuses, and we provide access to more than 82,000 additional online books that are available from any location with internet access. Through the statewide GIL Express system, our students can request almost any book held by any library in the University System of Georgia. Through InterLibrary Loan, our libraries can usually enable students to borrow books from almost any library in the world.

Other new services include access to online video databases such as Films on Demand and Theatre in Video. These databases allow faculty and students to access videos online from any location, rather than attempting to shuffle DVDs and VHSs among multiple campus locations.

Our libraries have subscriptions to over 100 print magazines, journals, and newspapers, held at the Rome and Cartersville Campuses. Through GALILEO, our campuses can access more than 37,000 additional magazine, journal, and newspaper titles. If an article is not available in our print collections or in GALILEO, our students can use InterLibrary Loan to request a copy of the article from another library.

Students will find a welcoming and helpful atmosphere at the Floyd and Cartersville campus libraries. Recent renovations to the Floyd Campus Library have provided students with four new group/private study rooms, a large, comfy quiet study area, a new computer classroom/lab, a high-tech conference room, and many additional enhancements.

Students on the Marietta campus will find an equally welcoming and helpful environment at the Southern Polytechnic State University Library, where a GHC librarian and the SPSU librarians are always ready to help. Students at the Douglasville and Paulding campuses will find a GHC librarian available on a regular schedule. Students at any location can get help through live chat and text messaging by visiting <http://ask.highlands.edu>.

As teaching libraries, our librarians provide assignment-related instruction sessions in classes across the curriculum, with the goal of encouraging our students to be independent researchers and lifelong learners.

Fiscal Year 2011-12 Highlights

- Circulated 7989 items during the year
- Loaned 981 items to other libraries and received 528 (GIL Express & ILL) items from other libraries
- Recorded approximately 194,392 visits to the campus libraries: Rome – 54,337, Cartersville – 137,88 and 2,175 - Paulding
- Library staff answered 11,008 questions.
- Library staff taught 287 research training classes.

GeorgiaVIEW VISTA

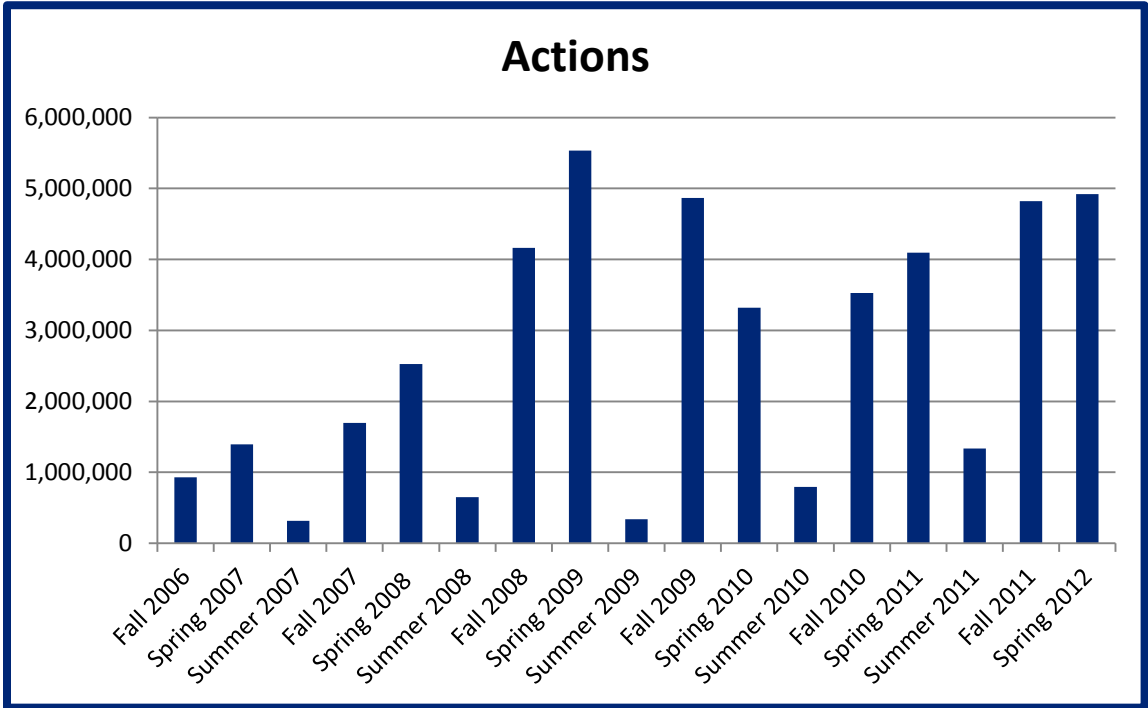

GeorgiaVIEW Vista

GeorgiaVIEW Vista is the learning management system at GHC. Approximately two-thirds of GHC students take at least one course that utilizes Vista, either to augment face-to-face classes or as the online portion of a web-based course.

SOURCE: University System of Georgia Enrollment Reports.

System Requirement: Students who are required to take Academic Success courses because they are below the System minimum requirements.

Institution Requirement: Students who are above the System minimum requirement but are required to take Academic Success courses by Georgia Highlands College.

Voluntarily Enrolled: Students who voluntarily enroll for Academic Success courses.

Tutorial Center

The purpose of the Tutorial Centers is to help students succeed in their chosen academic area. The Tutorial Centers are located in the Georgia Highlands College Libraries on the Floyd Campus, Cartersville Campus, Douglasville Campus, and Paulding Campus, and the student center at the Marietta Campus. The schedules vary from campus to campus, and every effort is made to accommodate both day and evening students. The Centers have computers students can use for tutorial purposes, including practice in Reading, English, Math, and COMPASS, and to access textbook software and their personal accounts. The Centers also sponsors various workshops covering such topics as term papers, calculators, and test-taking. In addition to professional tutoring services, the Centers manage and coordinate a peer and community volunteer program.

Tables below show the general statistics for the Tutorial Center. The numbers include student visits to the Centers, as well participants of workshops given by Center personnel. Through referrals and through drop-in students, the Center saw a variety of students representing different academic areas.

Tutorial Center Visits by Campus for Academic Year 2011-2012

Campus	Number of Visits
Floyd	3021
Cartersville	4064
Marietta	996
Paulding	1051
Douglasville	875
Online	10

Tutorial Center Visits by Academic Year

Academic Year	Number of Visits
2007-2008	4923
2008-2009	7478
2009-2010	7838
2010-2011	8651
2011-2012	10017

Assessment Center

The Assessment Center officially assumed standardized testing responsibility effective December 1997. In August, 2005 a second Assessment Center was officially opened at the new Cartersville campus. The Floyd Center can accommodate thirty-seven students and the Cartersville Center can accommodate 44 students for computerized or paper and pencil testing. In August, 2009 a third Assessment Center coordinator was added to provide testing services at Paulding and Marietta. Testing began at the Douglasville campus October 2010. The three coordinators schedule tests, keep records, and maintain professional contact with the Regent's Office and with other test providers.

Calendar Year 2011

	Cartersville	Marietta	Paulding	Floyd	Douglasville	TOTAL
Compass Placement (admission)	915	546	537	813	284	3095
Compass Exits (learning support)	645	337	228	365	293	1868

Independent Study/Distance Learning (USG)	3	1	7	0	0	11
Independent Study/Distance Learning (non-USG)	10	4	24	15	0	53
TOTAL STUDENTS TESTED	2074	1053	961	1579	713	6380
	32.5%	16.5%	15.0%	24.8%	11.2%	100%

GHC was granted exemption from Regents Testing following Spring 2010 testing.

Academic Advising

Academic Advising is a collaborative process between students and faculty or professional advisors. This teaching opportunity facilitates exploration of career and educational options and decision-making that will best lead to achievement of students' goals. Each GHC site has an advising office and students may meet with an advisor for scheduled appointments or drop-in for assistance. Faculty members and the Campus Deans advise as well. Each academic division assigns one or more faculty members as advising specialists who help coordinate academic involvement in advising.

Students may receive advising in person, via e-mail, phone, and chat line, and at every GHC site. Advising can occur at any time of the year but special times for advising are during orientation, registration, drop/add period, and Early Bird Advising.

Early Bird Advising

Early Bird Advising takes place at mid-term of Fall and Spring semesters. Students have the opportunity during this time to work with a faculty advisor to build their long-term academic plan. The goal is to provide students with advice on how best to plan their academic careers. Students can then make semester scheduling choices on their own, as well as plan for graduation, transfer, and their professional career.

459 students reported taking advantage of Early Bird Advising in 2011-2012. 62.99% of students surveyed reported that their experience was excellent or good. 66.91% of students reported that they developed an academic plan as a result of attending the event.

Campus Participation

Campus	Reported Participation Rate 2010-2011	Reported Participation Rate 2011-2012
Cartersville	64.22%	28.96%
Douglasville	7.38%	6.15%
Floyd	7.38%	13.84%
Heritage Hall	.66%	1.49%
Marietta	17.03%	12.75%
Paulding	7.36%	4.74%

Multi-Year Participation

EBA participation appears to have gone down in 2011-2012, but the method of collection was student surveys, which is inexact due to fluctuations in response rate. The Academic Success and eLearning Division plans to use an online sign-up for Early Bird Advising appointments during 2012-13 and to collect participation data using this more reliable method. By contrast, experience ratings (excellent or good) have risen and the number of students reporting that they developed an academic plan as a result of the session also rose during 2011-2012.

EBA Year	Reported Participating	Experience Excellent or Good	Developed Academic Plan
2010-2011	773	54.94%	58.15%
2011-2012	459	62.99%	66.91%

Academic Intervention Program

The Academic Intervention Program (AIP) was changed during 2011-2012 from a faculty-based activity to an activity done by the professional advisors. All students on Academic Warning or Academic Probation were instructed to see a professional advisor on their campus and a hold that prevents registration was put on their record. During 2011-2012, 522 students and 3 professional advisors were involved in AIP. 60% of these students met with an advisor.

AIP Year	Number of Students in AIP	Number of students Advised	Percentage of Students Advised
2010-2011	353	111	31.44%
2011-2012	522	314	60.15%

New This Year

Two additional professional advisors were hired, one for Paulding/Douglasville, one for Marietta. Additionally, the Cartersville advisor position was vacated and then filled. There are now five professional advisors. The advising web page was expanded to include a career planning tab and a tab for how to use SCORECard, GHC's new computerized degree audit program and academic advising tool.

An early warning program (EWP) was instituted wherein faculty report students who are not attending class or not making academic progress, as well as providing mid-term grades. E-mails were sent to students on the EWP lists and coordinated efforts were made to provide these students with appropriate resources.

A health-care options and an eLearning brochure were created to help students explore various health-care careers and e-class options.

Looking Ahead

The advising office is planning to create career brochures for additional program areas. Advisors will also be focusing on students who are not making adequate progress in their majors to accomplish their goals.

eLearning

What is eLearning at GHC?

The mission of eLearning at Georgia Highlands College is to provide electronic-based accredited courses, and associated support services, to GHC students through nontraditional methods of course delivery to afford flexible access to GHC classes and programs of study. GHC eLearning provides students the opportunity to complete many of the first two years or "core" curriculum of their collegiate career in an Web-based, hybrid, or DVD environment. This gives students the possibility of increased flexibility and convenience in course scheduling.

Three Delivery Options

GHC Web Based—Web-based courses offer students a great deal of flexibility in scheduling as well as access to information and communication resources in a different format than a traditional classroom. Classes allow students to view the syllabus, policies, assignments, instructional notes, multimedia presentations, and interactive tutorials online. Most of the communication with the professor and other students is via e-mail, electronic discussion forums and blogs. These are not self-paced course as there are due date requirements for assignments. Typically, at least 80% of the course content and contact with students is online. While several courses are entirely online, most courses require that students attend a mandatory orientation and at least one proctored exam or assignment. In addition, some courses have a lab component that will require a few on-campus meetings. Proctored exams will require students to travel to a GHC approved testing site.

GHC Hybrid—Hybrid courses combine traditional classroom instruction with an electronic component. Classes meet on an abbreviated or limited schedule throughout the semester with the remaining course materials being delivered via distance. Classroom attendance is required on the assigned days. Additional information about specific classes can be found at the websites provided with the specific course. Detailed class information can be found at the website or email address provided with each hybrid course listing.

GHC College by DVD—College by DVD provides students with a series of DVD's that contain course lectures and materials needed to complete the course. Courses, which are produced on campus with Georgia Highland's faculty, are accompanied by traditional text, handouts, and online supplements. Periodically during the semester students will meet with the instructor on campus for tests, labs, etc.

Please Note: All eLearning students are expected to have their own computer and Internet access which is independent of GHC campus site

Web-based courses:

ACCT 2101: Principles of Accounting I
ACCT 2102: Principles of Accounting II
AHSC 1101: Medical Terminology

STUDENT AFFAIRS

Student Support Services

The Student Support Services Department provides accessible programs, campus services, activities, and reasonable accommodations for any student with a documented qualifying disability as defined by Section 504 of the Rehabilitation Act of 1973, as amended, and by the Americans with Disabilities Act of 1990. A student with a disability is entitled to non-discrimination and reasonable accommodations. The department provides students access to our campuses' services, programs, and activities with access being the key word. Services and accommodations provided to students are no guarantee they will be successful, but they do have an equal opportunity to access. It is the student's responsibility to self-identify and provide appropriate documentation from a qualified professional. In addition to serving students with qualifying disabilities, the department also provides disability awareness to the campus, education and assistance for faculty and staff, and serves as an advocate for students with disabilities.

Disability Population Accommodated at Georgia Highlands College (2011-2012):

Persons who have a physical or mental impairment which substantially limits a major life activity are entitled to non-discrimination and reasonable accommodations.

Disability Services Caseload

Summer 2011 to Spring 2012

Campus	Count	Percentage

Student Life

The Office of Student Life seeks to develop the Georgia Highlands College student body through a series of co-curricular activities that promote experiential learning, wellness, and appreciation of the arts, leadership and volunteerism. The unit encourages and provides student involvement opportunities to complement the academic programs of study and to enhance the overall college experience for all Georgia Highlands College students.

The Office of Student Life houses the offices for student publications, student governance, and the service learning and volunteer center. The OSL coordinates the forming of clubs and organizations by students and provides resources for those groups as they sponsor a wide variety of programs and events. The OSL also handles the student judicial process, new student orientation, schedules general entertainment events, and oversees the reservation and use of the Student Center and Solarium facilities.

Intramural Sports Program

The intramural sports program aims at providing every student who wishes to participate an opportunity to engage in competitive sports activities. Competition in the team sports of flag football, basketball, soccer, softball, and volleyball are held seasonally for both men and women. Individual and dual sports such as tennis, golf, badminton, table tennis, billiards, canoeing, and bowling are offered throughout the academic year. Co-ed sports events are also held throughout the year.

The Fitness Incentive Team (FIT) Program is also offered as a way for students, faculty, and staff to be part of the Intramural Sports Program and improve their fitness. The program normally lasts the majority of a semester where participants pick one of two different levels (either beginner or advanced) and then pick one of the five option goals listed within that level.

Intramural Participation

Academic Year 2011

Fall 2011	
3-3 Basketball	36*
Flag Football (Co-ed)	25*
All-Star Flag Football (Co-ed)	24 (played two games)
"Fit" Program (Georgia Highlands College Fitness Team)	142**
Tennis Tournament	43***
Turkey Day Walk-Run	27
TOTAL	297
Spring 2012	
5-5 Basketball	40*
"Fit" Program (Georgia Highlands College Fitness Team)	125***
NCAA Basketball Bracket challenge	32*
Ping Pong Tournament	13*
TOTAL	210

*Students participated weekly

***Students participated bi-weekly

INFORMATION TECHNOLOGY

Information Technology Division

The Information Technology Division at Georgia Highlands College aims to provide technological services that support the computing needs of the institution's academic and administrative functions. Directed by the Chief Information Officer, who reports to the president of the institution, the Information Technology Division is responsible for planning and coordinating all central enterprise computing equipment and systems, telecommunications systems, and all other computing equipment and resources on all Georgia Highlands College campuses. In addition, Information Technology is responsible for developing and maintaining information security policies and measures for the institution.

Information Technology is responsible for the support of complex systems that provide delivery of a variety of electronic information. Using advanced technology to deliver high-speed connectivity to all campuses, IT provides computer and technical support to all faculty, staff, and students. The Information Technology Division is comprised of five units that offer technical support in their respective areas of expertise. These units are represented or housed at different campuses locations depending upon a variety of strategic factors. These units are: Client Support Services, Network Support Services (Network/Web/Information Security), Enterprise Application Services, Audio Visual Services, and Digital Media Services/GHTV. These units work together to provide the best service and support to all end users of the institution. The Information Technology Division encourages all faculty, staff, and students to take advantage of the many technology resources and services available.

Client Support Services

A unit of Information Technology

Client Support Services (CSS), a unit of the Information Technology Division, serves as the primary user support for all students, faculty, and staff for all GHC campuses and locations. The mission of CSS is to provide our customers with quality and timely support of all hardware and specified pre-loaded software in a courteous, professional manner.

Primary Duties

- Provides hardware and software support for faculty and staff for all College owned desktops, laptops, printers, and related peripherals on all GHC campuses and locations.
- Provides hardware and software setup, maintenance and support of all College computer labs and clusters.
- Responsible for hardware distribution of all GHC desktop and laptop computers.
- Creates and distributes master software images to GHC computers.
- Responsible for bundling and distributing software updates and patches to all GHC computers.
- Installs, configures and maintains all new computers and peripherals for the College.
- Coordinates and assists with surplus process for all decommissioned GHC computers and peripherals.
- Maintains accurate inventory records for all GHC desktops and laptops.
- Maintains appropriate documentation on policies, procedures, and forms relating to Client Support issues.
- Assists with basic wiring installation and repair.

Overview of Client Support Services

In 2002, the Computer Services Department and the ITP Laptop Helpdesk, two separate technology units of the College, were combined to form the Information Technology Division. This merger resulted in the formation of Client Support Services (CSS) as a new unit of the IT Division. CSS is responsible for all aspects of end-user computer hardware and software configuration, setup, maintenance and support at Georgia Highlands College. CSS maintains and supports over 1400 computers across seven different geographic locations. This fleet of computers includes 27 full computer labs, 4 Testing Centers, 100 classrooms, over 200 cluster computers, and over 450 employee computers.

Network Support Services

A unit of Information Technology

Network Support Services (NSS), a division of Information Technology, serves as the primary support for all network infrastructure, servers, web services and information security services for all campuses. NSS also supports the other divisions of Information Technology as needed.

Primary Duties

- Provides administration for all network-related servers and infrastructure.
- Creates, maintains and audits all accounts for all technology-related systems.
- Maintains documentation of systems, policies and procedures.
- Maintain system backups, including off-site backups, for critical systems.
- Maintain telecommunications systems including phones and video conferencing systems.
- Maintain servers that control the physical security door access and video surveillance systems.
- Maintain the college website and develop web-based applications to support the user community.
- Provide information security services including development of policies and procedures and network security.
- Investigate security breaches, incidents and malware outbreaks.

Overview of Network Support Services

NSS supports over 80 Windows, Linux and OS X servers on six campuses/sites. The network consists of more than 1,500 connected nodes including computers, VoIP phones and other network-enabled devices. NSS also develops and maintains the college website, consisting of a custom content management system and numerous web-based applications designed in-house to support various college divisions and back-end infrastructure management systems. We average more than 200,000 page visits per month, with over 2,000 pages of content within the CMS. NSS also includes our Information Security team, responsible for directing and maintaining the college's Information Security Program. The Information Security Program ensures the appropriate physical, technical and administrative security controls are in place to protect the confidentiality, integrity and availability of the institution's information assets.

Enterprise Application Services

A unit of Information Technology

Enterprise Application Services (EAS), a unit of the Information Technology Division, serves as the primary support for all Enterprise based applications and interfaces.

Primary Duties

- EAS supports all GHC applications, some of which are listed below:
 - Primary Applications:
 - Ellucian Banner Student Information System
 - DegreeWorks
 - Raiser's Edge Alumni System
 - Third-party Application Support:
 - Touchnet
 - Higher One
 - ADP
 - Blackboard Datacard
 - Compass
 - Axiom High School Transcript and Admissions Application Downloads
 - UC4 Job Scheduler
 - VISTA – Course Management Software
 - PeopleSoft Financials
 - Follett Bookstore
 - Local Enhancements:
 - Online Advising
 - Orientation Registration
 - Admissions and Financial Aid Status Check
 - e-Learning Test Proctoring Registration System for Faculty & Students
- Provides design and development support for the creation of new applications and programs and for the redesign or enhancement of existing ones.
- Provides technical support for the design and development of applications that integrate with Enterprise applications.
- Provides faculty and staff support to assist departments in the daily use of Enterprise applications and/or interfaces.
- Investigates, evaluates, acquires, and promotes emerging technologies to support the enhancement of Enterprise applications.

Overview of Enterprise Application Services

EAS supports all GHC databases, all enterprise level applications such as, Ellucian's Banner Student Information System, DegreeWorks, Blackboard, ADP, and several local enhancements; all Oracle Databases and Web Service installations, configurations, and administrative services; all new enterprise application implementations; and overall support to faculty and staff of these systems. Investigates, evaluates, acquires, and promotes emerging technologies to support the enhancement of Enterprise applications.

EAS supports the mission of the college by providing technological services that support the computing needs of the institution's academic and administrative functions. Furthermore, the Division of EAS enhances the teaching and learning process for students, faculty and staff by researching, developing, implementing, and facilitating diverse and effective delivery systems through the use of new technologies.

Digital Media Services/GHTV

A unit of Information Technology

Digital Media Services/GHTV (DMS), a unit of the Information Technology Division, serves as the primary user support for all electronic based education delivery and video services. The departments mission is rooted in the purpose of producing video based credited college courses for electronic delivery to students while maintaining the quality of the educational experience. The department also supports the college's electronic marketing efforts and various other digital media needs. Since 1994 the department has produced a total of 110 college-credit video based courses, totaling approximately 4,055 hours of academic productions.

Primary Duties

- Record, edit and prepare lectures for various forms of eLearning delivery.
- Provide assistance to professors relating to video requirements for various course supplemental needs.
- Compress and upload electronic lectures and videos to various electronic platforms including the USG's podcast server.
- Duplicate and publish class lectures for DVD distribution.
- Manage, staff and program GHTV.
- Produce and provide programming for GHTV.
- Manage various social media platforms
- Assist various departments with video production.
- Produce electronic news releases, video based marketing materials and provide digital photographic services.

Overview of Digital Media Services/GHTV

Digital Media Services/GHTV, a division of the Information Technology Department, provides assistance to support both academic and administrative units of the college through various forms of electronic media including but not limited to video and digital photography. The department also programs and operates GHTV, the college television station, which serves as an educational outreach to the college community.

The Digital Media Services/GHTV Department supports the mission of the college by providing digitally based video and photographic services to various departments throughout the college's multiple campuses. The departments Television station, GHTV, serves as an outreach to the college community.

Overview of GHTV

GHTV signed on the air September 6, 1994 as FCTV with live cablecast from the Heritage Hall classroom studio. Original operational agreements were between Floyd College and Scripps Howard Cable, with agreements having been maintained through Comcast Communications since 1996. In 2002, FCTV was positioned on channel 4 through an arrangement with Comcast and the City of Rome and Floyd County. The broadcast day is shared with the Library Channel. With the name change of the college in 2005 FCTV became GHTV. The total population of GHTV's coverage area, through Comcast, is approximately 25,000 homes. On June 28, 2012 GHTV became available to AT&T U-verse subscribers throughout the state of Georgia. This opportunity was made available through an agreement with the Floyd County Board of Commissioners.

The purpose and mission of GHTV:

- To produce and provide educational and informational programs promoting various programs and opportunities available through Georgia Highlands College.
- To produce and provide programming of community interest provided it contains educational and/or artistic merit.
- To extend the educational opportunities of Georgia Highlands College via distance learning.
- To inform the college community of Georgia Highlands College activities and insure a close relationship between city/county and college.
- To program and schedule various programming from other educational providers throughout the college community.

Audio Visual Services

A unit of Information Technology

Audio Visual Services (AVS), a unit of the Information Technology Division, serves as the primary system of support for faculty and staff regarding all audiovisual equipment. In addition to support, AV is responsible for installation and maintenance of all audiovisual equipment.

Primary Duties

- Provides installation services for AV equipment in permanent and temporary locations.
- Provides maintenance and repair services for all campus AV equipment.
- Provides training for campus AV equipment.
- Provides “on-call” services for in-classroom troubleshooting with faculty and staff.
- Provide technical and AV equipment needs/services for functions held at the College.

Overview of Audio Visual Services

AVS designs audiovisual systems for classrooms, conference rooms, and additional venues to accommodate the specific needs of each location. In addition, AVS is responsible for receiving all equipment, documenting and inventorying, and installation of equipment in appropriate locations. AVS also maintains an on hand inventory for miscellaneous remote events requiring audiovisual systems. AVS sets up and runs the equipment for many of these events; such as speaking engagements and graduation ceremonies. AVS is charged with ongoing maintenance and repair for all equipment to ensure all systems are current and operating effectively. AVS provides faculty support for all classroom systems as problems arise in the instructional area. Training is also provided as needed so that all faculty and staff understand the latest operating procedures for all audiovisual equipment.

Physical Plant Data

The mission of the Physical Plant is to arrange functional resources in a way that permits the college organization to effectively and efficiently deliver services in support of the overall mission of the institution. Physical Plant has a mission and function that relates to virtually all other departments of the institution to insure a safe, clean and pleasing environment for students and employees.

In support of the mission for Georgia Highlands College, the Physical Plant Department may be linked to the following sections:

- Provide physical and technical support to the expansion of the institution's geographical area
- Provide physical and environmental support for the well-being of students, faculty and the community
- A supportive campus climate, with necessary services to meet the needs of students, faculty and staff
- A commitment to teaching/learning environment, both inside and outside the classroom, that sustains instructional excellence, functions to provide University System access to a diverse student body and promote high levels of student learning.

In support of Georgia Highlands College goals, the Physical Plant department may be linked to the following sections:

- Renovate selected facilities and demonstrate progress on future construction projects
- Administer support services.

Unit Operations

The Physical Plant operation provides the services that are necessary for the day-to-day operation of the college's business. Through the function of facilities management, custodial, grounds, carpentry and mechanical personnel, Plant Operations can assure faculty, staff and students, a conducive environment for teaching and learning. Plant Operations supports the mission and goals of the college by fulfilling this vital component of the college's business in an efficient and timely manner.

Campus Safety Data

The Office of Campus Safety is located in the Administrative building on the Floyd campus. Offices are also located at Cartersville and Heritage Hall for your convenience. Professional Safety Officers are on duty during normal operating hours at each campus location. These officers provide physical security, fire protection and prevention, emergency first aid, safety programs, parking and traffic services, and fire inspections, as well as investigate violations of the Code of Student Conduct and criminal offenses on GHC property.
