# Formal Proposal for a Transfer Admission Agreement between Another Institution and the University of Georgia

The attached document establishes a transfer admission agreement between another institution and the University of Georgia for admission to a specific degree program. In entering into this agreement, the sending institution specified and the University of Georgia have several goals, which include:

- Assisting prospective transfer students at the sending institution to progress toward their baccalaureate degree goals;
- Enabling the sending institution students to follow a course of study that allows them to begin upper-level coursework immediately upon transfer;
- Assuring the sending institution students that if they follow the terms of their approved transfer agreement, they will be admitted to the degree program specified in the agreement at the University of Georgia in the term agreed upon;
- Facilitating cooperation between the counseling offices and the transfer centers at their respective institutions.

The University of Georgia in partnership with the sending institution has developed transfer procedures to implement this agreement. To assure that the transfer admission agreement remains current, the respective parties to this understanding agree to consult regularly on issues of enrollment, articulation, and program change. The goal of both the sending institution and the University of Georgia is to minimize barriers to transfer and to increase the number of students who successfully complete the baccalaureate degree.

Students who are dually enrolled (such as MOWR, ACCEL, or joint enrollment) at their high schools and the sending institution are not eligible for a transfer agreement, but must apply to UGA as freshmen students for the term following their high school graduation.

Please provide a brief justification for the transfer admission agreement in the box below:

The Complete College Georgia: Georgia's Higher Education Completion Plan 2012 notes that "The University System of Georgia has one of the most comprehensive guarantee agreements for transfer of general education courses between its institutions." This transfer articulation agreement builds upon that structure to increase the number of Georgians who hold a baccalaureate degree. It does so by providing students who graduate from the Associate of Science in Biology degree program at Georgia Highlands College (GHC) and who meet the UGA transfer admission requirements and the Microbiology (B.S.) course entry requirements with the opportunity to enroll in the Bachelor of Science in Microbiology degree program, the only such program in the state of Georgia, as a junior. Furthermore, this transfer articulation agreement creates the opportunity for students who reside in South Metro Atlanta or in western Georgia as well as those residing in more rural areas of the state to earn a baccalaureate degree from the USG's flagship institution. This agreement, developed jointly by Georgia Highlands College and the UGA Griffin Campus, ensures that there are seamless pathways for students to transition from one USG institution to another USG institution for greater educational options.

# **Transfer Admission Agreement**

Institution Information:	
University of Georgia Griffin Campus	
Contact at the University of Georgia (Name): Dr. Aaron Mitchel (Email): aaron.mitchell@u	ll or Dr. Jennifer Walker Iga.edu or jrswalk@uga.
Sending Institution: Georgia Highlands College Contact at the Sending Institution (Name): Dr. Sarah Coakley	Institutional Acronym: GHC
(Email): stesar@hlghlands.ed	du
University of Georgia Program Information:	
Name of Major: Microbiology	
Degree: B.S.	
General Provisions of the Agreement  The following information outlines an admission agreemen	nt between
Georgia Highlands College (GHC) and the	Microbiology B.S.  Program Name and Degree
program at the University of Georgia (UGA). This agreem	ent will be reviewed after three years
by Georgia Highlands College and the University of Georgia Highlands College and the University of Georgia Highlands College	Georgia to determine if the agreement
will be continued.	
1.1 The Transfer Admission Agreement will be in effect	Term and Year
1.2 GHC students who fulfill the criteria listed below	w are considered for admission to the
Microbiology B.S. program	l <b>.</b>

I.

#### II. Conditions of the Agreement

To qualify for the Transfer Admission Agreement, students must:

- 2.1 Submit the Undergraduate Application for Admission to UGA during the last semester at

  GHC prior to completion of the associate's degree but before the UGA application

  deadline (see <a href="https://www.admissions.uga.edu">www.admissions.uga.edu</a> for deadline). Students whose last semester at

  GHC is a spring semester must meet the appropriate deadline (see <a href="https://www.admissions.uga.edu">www.admissions.uga.edu</a>

  for deadline) but may submit a form requesting a file completion deadline of June 1. This would allow the term enrolled to count towards the hours and grades needed for admission.
- 2.2 Earn a minimum cumulative GPA and transferable hours that meet UGA requirements at the time of transfer.
- 2.3 Complete the A.S. Biology program ( 60 , see attached) at GHC Program or Certificate Name program ( Credit Hours
- 2.4 Be in good standing at GHC and have no conduct or behavior issues when reviewed by Institution\*

**UGA Admissions.** 

- 2.5 Have cleared any CPC issues prior to applying to UGA.
- 2.6 Meet the following additional conditions (Please attach an additional page if needed):

  GHC graduates who fulfill the requirements below will gain admission to UGA as rising juniors:
  - Graduate from the AS Biology program at GHC
  - Pass all science courses in Area D and all courses in Area F with a grade of C or higher

All policies and procedures of the Board of Regents of the University System of Georgia, the Southern Association of Colleges and Schools, the University of Georgia, and the sending institution will be applicable to this agreement.

#### III. Curriculum Requirement

The following information details the cur	rriculum which must be completed in the
A.S. Biology	at Georgia Highlands College
Program or Certificate Name	Sending Institution

This information includes specific courses to be completed and may also include the equivalent course numbers at the University of Georgia, hours of each class, and grades required in each course.
