# AN AGREEMENT TO ESTABLISH A TRANSFER ARTICULATION AGREEMENT BETWEEN GEORGIA HIGHLANDS COLLEGE AND WEST GEORGIA TECHNICAL COLLEGE

## **ACADEMIC YEARS 2020 - 2025**

This is a Joint Institutional Agreement on the part of Georgia Highlands College (GHC) and West Georgia Technical College (WGT) to formally establish an educational partnership between the two institutions. This agreement is made between West Georgia Technical College and the Associate of Science Degree Nursing Program and Georgia Highlands College and the Bachelor's of Science in Nursing Completion Program. In this agreement, GHC and WGTC are collectively referred to as the Parties.

The objectives of this Agreement are to facilitate access to the BS degree completion program in nursing and increase the number of nurses who are eligible for advanced careers in education, research, management, and public health. The purpose(s) of the Agreement are to:

- The Parties will work to identify, recruit, and select students who clearly demonstrate academic
  and personal competencies required to function as successful students and future health
  professionals.
- Create a seamless pipeline for AS degree prepared nursing students to enter a RN-BSN degree completion program.
- Facilitate the transfer of all viable college courses as required in the University System of Georgia core curriculum.
- Facilitate the transfer of 60 hours of coursework obtained in the AS degree nursing program into the RN-BSN degree completion program.

At least 60 semester hours of general education core curriculum and occupational courses in Nursing are provided at WGTC, and students receive an Associate of Science degree upon completion. Students can complete an additional 30 hours of core curriculum at either WGTC or GHC to complete the general education core curriculum required by GHC. Students then complete the final 30 hours of the online RN-BSN curriculum at GHC for a total of 120 hours that is required to receive a Bachelor's of Science in Nursing degree.

## **Acceptance of Transfer Credits at Georgia Highlands College**

The following guidelines are used to award transfer credit:

- The transfer of credits is consistent with and subject to the conditions prescribed in each institution's published catalog at the time of the student's transfer request.
- Transferred courses must have been taken while WGTC was SACSCOC accredited and be comparable college-level courses to be equivalent in content and rigor to Georgia Highlands College.
- Completion of the AS Nursing program at West Georgia Technical College does not guarantee
  admission to the RN-BSN degree completion program at Georgia Highlands College. Candidates
  must successfully meet all requirements to gain admission to Georgia Highlands College and the
  nursing degree completion program.
- This agreement will be reviewed annually by both parties to ensure continued transfer compatibility of courses.

• The agreement is in effect for a period of five years, at which time it may be reviewed and renewed. The agreement can be dissolved at any time by the written request of either of the parties listed above.

The following Crosswalks include the specific courses to be transferred from WGTC to GHC. The agreement provides a total of at least 60 hours to be transferred/awarded. Table 1 includes 30 semester hours of general education core curriculum taken at WGTC and transferred to GHC. The 2<sup>nd</sup> table includes 30 hours of prior learning credits, which are awarded for completion of the Associate of Science in Nursing at WGTC and NURS 3301-Concepts of Professional Nursing with a grade of C or better at GHC.
