STUDENT HANDBOOK INTRODUCTION

Welcome to Georgia Highlands College!

All of us: your faculty, staff and fellow students, are glad that you are here. We all want your experience at Georgia Highlands College to be a good one. So let's take the first step...make sure to scan all the information included in this student handbook. This document contains many of the keys to success during your time at GHC. We ask that you also take one other step. Please don't stop at reading the handbook...utilize it! This information will not be very useful if you simply read it but never apply it to your studies at GHC. We're here because of you. We sincerely want you to succeed and we're committed to your success. The handbook presents valuable information so that you may get to know the college better. Our advice for you is to be engaged in your learning. Studies have shown that students who participate in at least one campus activity are more likely to be successful in their college efforts.

Georgia Highlands embraces its responsibility to foster an environment of respect and understanding among all individuals and groups. The college welcomes everyone to become a participating member of the campus community, regardless of race, ethnicity, national origin, religious or political beliefs, gender, age, sexual orientation, economic status, physical or mental abilities or any other distinction.

In order to preserve this atmosphere of free thought, Georgia Highlands is committed to the prevention of bigotry, prejudice, expressions of hatred and any behaviors that infringe upon individual rights. Abuse or harassment, whether verbal, physical, or psychological, against anyone on the campuses of Georgia Highlands College, is unacceptable and will not be tolerated.

No matter the location – Cartersville, Floyd, Heritage Hall, Marietta, or Paulding, – all students and employees of Georgia Highlands College should dedicate themselves to the defense and implementation of these principles as core values of the college's goals and mission.

RELEASE OF DIRECTORY INFORMATION

Directory information will be treated as public information and generally be available on all students and former students, at the discretion of the institution. Directory information includes: The student's name, address, telephone number, e-mail address, enrollment status, major field of study, and degrees.

Any student may refuse to permit the designation of all the categories of personally identifiable information as directory information by submitting a signed and dated Authorization to Withhold Directory Information Form to the Registrar's Office. Students that choose to have directory information withheld will not appear on any list for directory information requests. Students are encouraged to consult the Registrar's Office FERPA official before selecting the exclusion of directory information to fully understand the ramifications. Students should also note that once directory information is requested to be withheld, it cannot be changed until the Registrar's Office receives a request in writing revoking the initial request to withhold information.

RELEASE OF STUDENT INFORMATION TO THIRD PARTIES

Disclosure of information contained in the education records of a student to individuals and organizations other than those specifically covered by the Family Educational Rights and Privacy Act shall be limited to items designated as directory information, except upon written, signed, and dated consent of the student.

Georgia Open Records Law: As a general rule, documents, papers and records prepared and maintained or received in the course of the operation of a public office or agency are public records within the meaning of the Open Records Law. The right to review or copy these records cannot be denied to any citizen. All records requests should be made in writing to the Open Records Officer. The Open Records Officer will analyze the scope of the request to determine whether the records requested, or any portion thereof, are required by law to be maintained as confidential.

Arrangements for inspecting, reviewing, or copying of public records should be made by the Open Records Officer, who should determine an orderly and non-disruptive procedure for permitting access to the documents. Determinations to disclose records will be made on a case-by-case-basis.

RELEASE OF STUDENT INFORMATION TO INSTITUTIONAL OFFICIALS

Information from the education records of a student may be disclosed to Institutional officials with a legitimate educational interest. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted such as an attorney, auditor, or collection agent; a person or a student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. An Institutional official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

RELEASE OF DIRECTORY INFORMATION

RELEASE OF STUDENT INFORMATION TO OTHER INSTITUTIONS

Under FERPA regulation 99.31 (a)(2), a school district or postsecondary institution may disclose education records, without consent, to officials of another school, school system, or post-secondary institution where a student “seeks or intends to enroll.” The regulation clarifies that the authority to disclose or transfer education records to a student’s new school does not cease automatically the moment a student has enrolled and continues to any future point in time so long as the disclosure is for purposes related to the student’s enrollment or transfer. This means that a school may disclose any records or information, including health and disciplinary records, that the school could have disclosed when the student was seeking or intending to enroll in the new school.

CORRECTION OF EDUCATION RECORDS

When a student believes that information in the student’s education records is inaccurate, misleading, or violates the privacy or other rights of the student, the student may submit a written request for correction to the College official responsible for creation and maintenance of the record. Such a written request will specify the information being questioned, state the revision requested, state the reasons the student has for disagreeing with the entry in question, and will include (or have attached) any data or information the student has which shows that the record should be revised. The College official will review the request and the appropriate records and meet with the student if appropriate.

The College official will notify the student of a decision within 21 days after receipt of the written request. If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the requests for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The above procedure may be used to question the correctness of the recording of a grade but may not be used to contest the assignment of grade.

RIGHT TO FILE A COMPLAINT

A student has the right to file a complaint with the College’s Registrar concerning alleged failure by Georgia Highlands College to comply with the requirements of FERPA. If the complaint is not resolved by the College to the satisfaction of the student, the student may file a complaint to the Office that administers FERPA: Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue, S. W., Washington, DC 20202-4605.

ACADEMIC INFORMATION

The [Georgia Highlands College catalog](#) is the primary source for academic information concerning academic requirements, grades, class standing, and probation.

ACADEMIC ADVISING

Academic Advising is a teaching, counseling, and investigative process between a student and his/her advisor with the goal of creating the best educational plan for the student's life goals.

GHC: Quest for Success, which emphasizes the importance of academic advising in retention, progression, and graduation. Students are required to attend a number of advising sessions throughout their time at GHC.

Using the NAVIGATE platform online, students will be able to map out their academic pathway and interact with the course requirements and apply the tools provided by the Navigate platform and the Academic Advisors to form a pathway to graduation.

When does it occur?

- **Orientation:** Students are introduced to advising expectations when they attend orientation. They will learn about the advising process and next steps.
- **Student Success Workshop:** Students meet with a professional advisor or a faculty advising specialist for a group meeting around week 3 of a student's first semester. This meeting will provide students an opportunity to talk through challenges they may have encountered and get assistance with college resources.
- **First Semester Advising Appointment:** In the first semester, students will make an appointment with a professional advisor or a faculty advising specialist for a one-on-one advising session. In this session, the student and advisor will work through the creation of an academic plan, address concerns, and discuss the registration process for the next term. This is a required activity, and failure to participate will prevent the student from registering for the next semester.
- **Second Semester Advising Appointment:** This appointment happens in the student's second semester. Students will make an appointment with their assigned faculty advisor for a one-on-one advising session. In this session, the student and advisor will review the student's academic plan, address concerns, and make plans for future meetings. This is a required activity, and failure to participate will prevent the student from registering for the next semester.
- **Additional Advising:** After the first two semesters, students are strongly encouraged to make an appointment with their assigned faculty advisor each semester for follow-up conversations about their academic plan and path to graduation.

ATHLETICS

GHC offers a diverse intercollegiate athletic program consisting of men's and women's basketball, baseball, and softball. Additional sports may be added in the future. GHC is a Division I member of the National Junior College Athletic Association (NJCAA) and is a member of the NJCAA Region 17 (also known as the Georgia Collegiate Athletic Association (GCAA)), which consists of 13-member institutions.

[Charger athletic teams](#) have built a tradition of winning in the short history of the programs. Men's Basketball has reached the NJCAA Men's National Tournament in 2014-15, 2015-16, and 2016-17, including appearances in the Final Four in 2015 and 2016. Women's Basketball appeared in the NJCAA Women's National Tournament in 2015-16, was the champion in 2019, and was runner-up in the GCAA in 2013-14, 2015-16, 2016-17 and 2018-19. The Baseball team reached the NJCAA Regional Tournament in 2016-17, and the Softball team played for the GCAA championship in 2017-18. GHC student-athletes continuously perform exceptionally well both on the field or court and in the classroom, and a high percentage of them continue their athletic careers after GHC by signing with four-year programs at the NCAA Division I, Division II, and NAIA levels. Baseball has also produced a Major League draft pick in recent years.

Students on the various sport teams must maintain a 2.0 GPA and pass 12 credit hours to be eligible. All students wishing to participate should contact the Athletic department at 706-295-6353. Students are encouraged to attend the games and support their Chargers. Full updated schedules can be found on the athletic webpage. Admission is free for all Georgia Highlands students at Charger home games. The Men's and Women's Basketball teams play their home games at the Floyd Campus Gym, the Baseball team plays its home games at LakePoint Sports Park in Emerson, GA, and the Softball team plays its home games at Stars Field in Cartersville, Ga.

The Department of Campus Police is responsible for providing a safe and secure educational environment where life safety and property are protected. In order to meet these important responsibilities, the college maintains a force of campus safety officers whose duties are integrated to provide crime prevention, emergency services, and parking control/enforcement. Officers are on duty every hour that the campus is open. The department strives to contribute to the academic environment by performing professional safety and security tasks with a positive, service-oriented and educational approach.

Many officers are P.O.S.T. certified by the state of Georgia, and all personnel are trained to handle emergencies and will coordinate with law enforcement, medical, fire, and emergency services that are requested on all GHC locations. Our mission is to provide safety, parking, and emergency preparedness services to the GHC community in a professional manner that will provide the college a safe environment that is conducive to education for all who study, work and visit GHC.

The department maintains a close working relationship with local police, fire and emergency agencies and their members. They come together through meetings, training, and investigative follow-ups. Information is freely shared between local agencies. The department maintains agreements with the Floyd County Police Department, the Dallas Police Department, the Rome Police Department, and the Bartow County Sheriff's Office. The department also cooperates and coordinates with other local, state and national campus safety agencies to remain abreast of trends, concerns and problems affecting college campuses and students. Officers patrol the campuses via marked patrol units and/or on foot patrol to deter acts of crime, correct safety and security hazards and to detect and intervene when criminal activity occurs. They respond and follow-up on all reported crimes along with local police officers. In addition to patrol duties, officers investigate traffic accidents, assist in medical emergencies, provide limited motorist assistance, enforce campus parking and traffic regulations and provide safety support for many campus activities and events.

Campus Crime Statistics are available on [this website](#) and on the [Georgia Highlands Campus Police website](#).

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The Higher Education Act of 1965, as amended, mandates institutions of higher education to establish a standard of satisfactory academic progress for students who receive financial aid. This standard must apply to the student's entire academic history, whether Title IV financial aid was received or not. In order to remain eligible to receive aid at Georgia Highlands College, students must meet the standards specified for acceptable academic performance and for satisfactory progress toward the completion of their program of study. The standards are established within the framework of applicable federal regulations specifically for the purpose of determining the eligibility of students to receive aid under the generally funded Title IV programs, including Federal Pell Grant, Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant, ACG, SMART, Federal Work-Study, Georgia's HOPE Scholarship, and Federal Family Education Stafford Loan Programs (Subsidized and Unsubsidized), and the Federal PLUS Loan Program. They should not be confused with Probation or Good Standing as defined by academic regulations. Students must meet the requirements in each of the three areas listed below in order to be making Satisfactory Academic Progress (SAP). SAP is reviewed after every Spring Semester.

1. Students must maintain a 2.0 or above cumulative grade point average. Learning support classes are included in the GPA calculation for financial aid purposes.
2. Students must complete at least 67% of courses attempted. The system does not "round-up" completed hours. If a student attempts 12 hours but only completes 8, the completion rate is 66.6%. That student would not be meeting the SAP policy. Learning support classes are included in the completion ratio calculation for financial aid purposes.
3. The following will be considered as hours successfully completed:
 - "A" through "D" grades**
 - "S" satisfactory**
 - "K" credit**
 - "IC" institutional credit**
 - The following shall not be considered as semester hours completed:**
 - "F" grade**
 - "I" incomplete**
 - "W" withdraw**
 - "U" unsatisfactory**
 - "V" audit**
 - "IP" used in Learning Support Services**
4. Students must complete their program of study in a reasonable time frame. The maximum time frame allowed for a student to complete their program of study is 150% of the total credit hours required for the program. For example, if your academic program requires 60 semester hours for graduation, you may receive aid for up to 90 semester hours. All transfer credit hours accepted by GHC are included in the total credit hours regardless of whether the courses are required for the student's course of study.

FINANCIAL AID

FINANCIAL AID WARNING AND SUSPENSION

A student will automatically be placed on financial aid warning if the student fails to meet the institutional GPA and/or SAP progress requirements. A student in this category may receive financial aid until the end of the following semester, once grades are final all students checked and must be making satisfactory academic progress. If the student does not make up the deficiencies and remove himself/herself from financial aid warning, the student is **NO LONGER** eligible for Financial Aid and will be placed on Financial Aid Suspension. The student will remain in this status until he/she has returned to a satisfactory academic progress standing. A student who reaches or exceeds the Maximum Timeframe become ineligible for financial aid and placed on Financial Aid Suspension.

APPEAL PROCESS

If there are extenuating circumstances that prevented a student from meeting the SAP policy, a written financial aid appeal may be submitted to the Office of Financial Aid for the SAP Committee to review and determine if the student has sufficient evidence and documentation to grant an approval. You may be approved for an appeal only once. While completing the appeals process, you are responsible for payment of current fees that are due by the published fee payment deadline.

If you think you meet requirements to file a SAP Appeal please contact us at finaid@highlands.edu. In the appeal, the student must address both of the following items:

1. The extenuating circumstances that contributed to the student not meeting the Satisfactory Academic Progress policy and include any and all supporting documentation.
2. The actions that have been taken to change the circumstances and to improve academic status.

All supporting documentation must be attached to the appeal. All appeals are reviewed within 2 weeks of their submission. Once the review is complete, the student will be notified by email and by mail.

APPROVED APPEALS

If the appeal is approved, the student will be placed on financial aid probation; all students must adhere to the conditions stated in their appeal approval letter. There will be no exceptions. The appeal will carry until the next SAP review which will be the following term once final grades are submitted. If the student is still not meeting SAP requirements at that time, he/she will no longer be eligible for aid.

Students who violate their appeal will be placed on Financial Aid Suspension and the appeal will be revoked. Students will not be eligible to receive financial aid again until all terms of the Satisfactory Academic Progress (SAP) policy are being met.

DENIED OR REVOKED APPEALS

If the appeal is denied or revoked, students are not eligible to receive financial aid until all terms of the Satisfactory Academic Progress (SAP) Policy are being met. Students who have a revoked or denied appeal may schedule an appointment to speak with the Satisfactory Academic Progress coordinator by sending their request to finaid@highlands.edu.

HEALTH SERVICES AND WELLNESS

Georgia Highlands College, being a nonresidential, commuter institution, does not maintain complete health services at any campus location. Students are expected to make arrangements for their own health care through area medical resources. Limited first-aid kits are available in a number of departmental offices across the campuses, with signage marking those locations. Emergency automated external defibrillator units are also available in several locations across campuses with signage marking those locations.

Because student health directly affects student success in college, Georgia Highlands College encourages students to participate in wellness activities. The School of Health Sciences offers a broad range of courses dealing with health and wellness issues. On the Floyd Campus, a fitness lab, gymnasium, fitness trail, tennis courts, soccer field and other facilities are also available for student use. On the Cartersville Site, a fitness lab, gymnasium, aerobics room, fitness trail and indoor running track are available for student use. At the Marietta and Paulding sites, GHC has a partnership with local fitness centers for student memberships and students may inquire about how to gain access by contacting the Site Directors at those locations.

The overall goal of the wellness program is to engage the mind, body and spirit of each student resulting in reduced health risk factors, improved overall well-being, and a productive, active, student body. By encouraging Chargers to live healthier lifestyles, we hope to see energy levels enhanced resulting in even greater success in the classroom.

MARKETING AND COMMUNICATIONS

The Office of Marketing and Communications (Marcom) is part of the GHC Advancement Division and is the internal and external marketing/branding/communications arm of the college. Marcom manages communications and news releases as well as coordinates and plans the college's marketing, branding, and design efforts. In addition, Digital Media Services and Print Services are an integral part of the Marcom team. Digital Media Services supports the college's electronic marketing efforts and various other digital media needs. DMS also serves as the primary user support for all electronic digitally based education

delivery and video services. This office plays a crucial role in informing the college community about weather events, school closings and other emergencies. It works closely with the president's office, campus police and other officials to distribute accurate news quickly.

Occasionally the Office of Marketing and Communications and/or Digital Media Services will take photos or videos of various programs, around campus, or at off-campus events for use in official marketing materials and on social media. Students who do not wish to have their photo taken must notify the photographer of their wishes. Otherwise, it is assumed that the student approves use of his or her image in college marketing materials.

REGISTERED STUDENT ORGANIZATIONS

[Registered Student Organizations Website](#)

A well-rounded, integrated program of student activities is provided through registered student organizations (RSO). Various RSOs have been established on campus for students with common interests and /or purpose. These groups include scholastic honor societies, academic departmental groups, student leadership, student media, club sports, and special interest groups.

Membership in all groups is open to all students; however, some may require additional criteria for joining as full members. Some organizations operate primarily on one campus location, while others may operate on multiple campuses. A student at any campus is eligible to join any group, regardless of whether the organization is based at that student's primary campus.

Students interested in joining any of the established groups should contact the club advisor for more information. Club Round-Up days are held at the beginning of both fall and spring semesters at all locations as an opportunity for students to learn more about the groups. Formation of new RSOs is encouraged, and may be initiated by contacting the SGA Advisor and completing an application packet found at the link below.

Related policies, procedures, and forms for RSOs and students involved with [RSOs may be reviewed](#).

RSOs are subject to the Student Code of Conduct and all college and Board of Regents policies, including [BOR Policy 4.6.3 Student Organization Responsibility for Drug Abuse](#).

STUDENT ENGAGEMENT

[Student Engagement Website](#)

All programs, events and functions coordinated by Student Engagement are funded by the student activity fee paid by every student each semester. For this reason, most programs and events available during the course of the semester are FREE for all students to attend and/or participate in.

A current calendar of events and programs for all locations and virtually is located on the Student Engagement website under Calendars. Students can also stay updated through student email, on social media, the Charger Connections, or signs and banners posted around campus.

DISABILITY SUPPORT

The Americans with Disabilities Act (ADA) requires colleges or universities to make necessary modifications to ensure that the institution does not discriminate or have the effect of discrimination against a qualified student with a disability. GHC is committed to providing equal educational opportunities to all students, and offers students with disabilities a variety of services and accommodations to ensure that both facilities and programs are accessible.

Specialists are available to assist students with disabilities in obtaining equal access and opportunity to all programs and activities of Georgia Highlands College. Students that have a physical, cognitive, and/or psychological disability, which impacts their ability to access academic material, are entitled to non-discrimination and reasonable accommodations. Some examples of the disabilities accommodated at GHC: paraplegia, blind and visual impaired, deaf and hard of hearing, learning disorder, attention deficit disorder, acquired brain injury, bipolar disorder, autism spectrum disorder, HIV, and depression.

In order to receive services a student must self-identify to the Disability Specialist at their campus. The student must provide documentation of the disability from a qualified professional. An intake interview is conducted so the student and Disability Specialist can discuss individual needs and determine appropriate accommodations.

CAMPUS ASSESSMENT, RESPONSE, AND EVALUATION (CARE) TEAM

The overall goal of CARE is to promote a safe environment, for all students and staff, focused on learning and student development. CARE, in its procedures and actions, also seeks to protect the rights of the individuals who may go through the process. Overall, CARE seeks greater communication, collaboration, and coordination of concerns regarding student behavior.

The CARE Team serves a dual purpose for the College:

1. Provides focused and comprehensive support and assistance for students with the goals of student retention and progress.
2. Provides a means of protecting the College community by connecting student behaviors that may lead to a troublesome or dangerous situation.

Faculty members and academic deans should address student issues at the classroom level when possible. If the student situation meets certain criteria, the academic dean or campus dean should refer the situation to the CARE Team for resolution.

Five functions of the CARE team:

1. Provide consultation and support to faculty, staff, and administration in assisting students who display concerning or disruptive behaviors;
2. Assess situations involving students who display concerning or disruptive behaviors;
3. Recommend appropriate intervention strategies or disciplinary sanctions;
4. Connect students with needed campus and community resources;
5. Track ongoing behavior of students who have displayed disruptive or concerning behavior.

CARE Team Referral Criteria:

1. Self-Harm Statements
2. Threatening Statements
3. Very Inappropriate Actions
4. Overly Confrontational/Aggressive
5. Unresolved Conduct Issues

Children may be present in an academic class or lab only with advance permission of the instructor. The faculty member in question will have the discretion to determine how far in advance the student should request the presence of the child. The attending parent will assume responsibility for the behavior of the child.

Children are to follow the same rules of reasonable behavior that apply to regular Georgia Highlands College students, and faculty members may request that a child be removed from the class at any time if the child's presence disrupts the learning environment of other students

FREEDOM OF EXPRESSION

A. PURPOSE AND OVERVIEW OF POLICY. The rights guaranteed by the First Amendment, including the right to free speech, free expression, free exercise of religion, and the right to assemble peaceably are of the utmost importance, and the University System of Georgia (USG) and its member institutions are committed to protecting those rights. Georgia Highlands College (GHC) recognizes and upholds the rights protected by the First Amendment, including the rights of free speech and free expression, and the right to assemble peaceably. Demonstrations, assemblies, and dissemination of information can be valid expressions for dissenting opinions provided they do not disrupt academic and administrative functions of the institution. This policy in no way prohibits individuals enrolled at or employed by GHC, also referred to in this policy as "members of the College Community," from engaging in conversations on campus and does not apply to College-sponsored activities, but rather only establishes a designated public forum on GHC's locations and sets forth requirements for reservation and use of the forum in the following limited circumstances: (1) members of the College Community who plan an event with 30 or more persons; and, (2) individuals or groups who are not members of the College Community who wish to speak on GHC's campus or locations. This policy shall apply to all non-commercial speech on any of the Georgia Highlands College locations or facilities. The opinions expressed by organizations, groups or individuals using GHC facilities do not necessarily reflect the position of GHC. The College affirms its commitment to freedom of speech, assembly and expression even though the language or ideas of those seeking a venue for free expression may contradict the Colleges ideals and policies or the personal views of GHC employees and students. By placing reasonable limitations on time, place, and manner of speech, GHC does not take a position on the content or viewpoint of the expression, but rather allows for a diversity of viewpoints to be expressed in an academic setting.

FREEDOM OF EXPRESSION (continued)

B. DESIGNATION OF PUBLIC FORUM ON GHC'S LOCATIONS. To better facilitate the free exchange of ideas, GHC has designated an area on each of its six campus sites to serve as a public forum for that specific location.

- o Cartersville Site – the concrete area adjacent to the student drop off line between the Academic building and Student Center
- o Douglasville Site – the pavilion behind the building, beginning at least 20 feet from those main doors
- o Floyd Campus – the concrete area adjacent to the Student Center and Walraven buildings.
- o Heritage Hall – the concrete patio area found in between the annex building and main building adjacent from the parking area
- o Marietta Site – must abide by KSU policies, as GHC does not own the property that houses GHC facilities
- o Paulding Site – the courtyard area near the fountain in front of the library

These Public Forum Areas are generally available from 9:00 a.m. to 7:00 p.m. Monday through Friday, provided that the Public Forum Area has not previously been reserved. Reservations will only be processed on days that GHC's Administrative Offices are open for business ("college business days"). Though reservations to use the Public Forum Area are only required as set forth in Section C and Section D below, GHC recommends that all parties interested in using the Public Forum Area submit a completed Forum Reservation Request Form prior to use so that the College may minimize scheduling conflicts, accommodate all interested users, and provide for campus safety.

C. MEMBERS OF THE COLLEGE COMMUNITY. Members of the College Community who plan to engage in expressive activity on campus in a group that is expected to consist of 30 or more persons must submit a completed Forum Reservation Request Form at the campus location of the intended activity two college business days prior to the scheduled activity and must receive approval in writing from a campus official prior to engaging in the activity. Prior notice is required to ensure that there is sufficient space for the large group event, that necessary College resources are available for crowd control and security, and that the academic and other operations of the College are not disrupted. The campus official may grant a reservation for the Public Forum Area or another available area of campus, as requested by the applicant, and may only deny a reservation for the limited reasons set forth in Section E below.

If a member of the College Community or a small group of members of the College Community, while engaging in spontaneous expression, attracts a group of 30 or more persons, then a representative from the group should provide the College with as much notice as circumstances reasonably permit. The College reserves the right to direct a group of 30 or more persons engaging in expressive activity to the Public Forum Area or another available area of campus to ensure the safety of campus members, to provide for proper crowd control, and to limit disruption of the academic or other operations of the College. When relocating expression, the College official must not consider or impose restrictions based on the content or viewpoint of the expression.

FREEDOM OF EXPRESSION (continued)

D. PERSONS WHO ARE NOT MEMBERS OF THE COLLEGE COMMUNITY.

Individuals or groups of persons who are not enrolled at or employed by GHC may only engage in expressive activity on GHC's campus in the Public Forum Area and only after submitting a completed Forum Reservation Request Form at the specific location for the intended activity at least two college business days prior to the scheduled expression and obtaining approval in writing from a campus official pursuant to the procedures set forth in Section E below. Organizers are encouraged to submit their requests as early in the planning stages of the event as possible. This provision does not apply to classroom instruction or College-sponsored events.

E. PROCEDURES FOR FORUM RESERVATION REQUESTS AND APPEALS.

Completed Forum Reservation Request Forms should be submitted (via the on-line form) at least two college business days prior to the scheduled expression. Reservation requests will be processed on a first-come, first-served basis without regard to content or viewpoint of the expression.

The campus official will respond to all requests as soon as possible, but in no event more than one college business day after receipt of the request, either authorizing the reservation and noting any special instructions, if applicable, or setting forth the reason for denial of the reservation. The campus official may only deny a reservation request for one of the following reasons:

1. The Forum Reservation Request Form is not fully completed;
2. The Forum Reservation Request Form contains a material falsehood or misrepresentation;
3. The Public Forum Area has been previously reserved, in which case the College will designate another appropriate date, time, or location to accommodate the expression;
4. The use or activity intended by the applicant would conflict with or disturb previously planned programs organized and conducted by the College;
5. The Public Forum Area is not large enough to accommodate the expected or actual number of persons engaging in large group expression, in which case the College must provide a reservation for the applicant at an alternate location that can safely accommodate the expression provided that the applicant is a member of the College Community and that such a location exists on the GHC campus;
6. The use or activity intended by the applicant would present a danger to the health or safety of the applicant, other members of the College Community, or the public; or
7. The use or activity intended by the applicant is prohibited by law, GHC policy, or Board of Regents policy.

When assessing a reservation request, the campus official must not consider or impose restrictions on the expression based on the content or viewpoint of the expression. All appeals must be made in writing to the Provost within one week of being denied a reservation request. The Provost or their designee must respond to the appeal in writing within one college business day.

FREEDOM OF EXPRESSION (continued)

F. GENERAL PROVISIONS. In addition to the requirements set forth above, all individuals expressing themselves on GHC's campus must comply with the following guidelines and provisions:

- There must be no obstructions to and from buildings, no interference with other authorized and scheduled College activities, no impediments of passersby, or any disruptions of normal activities of the College.
- Sound amplification (including microphones and bullhorns) is not permitted due to the disruption of classes and other academic and administrative functions of the College.

It is the responsibility of the demonstrators to obtain any additional documentation necessary according to local ordinances.
- Open flame devices and bonfires are prohibited.
- Items may not be affixed to permanent structures.
- Camping and the use of temporary shelters as such activities are prohibited.
- Non-commercial written materials may be distributed, however the manner in which they are distributed may not be confrontational and must allow people to decline to receive the materials. The College's Solicitation Policy covers the distribution of commercial materials.
- The individuals or groups engaging in expression are required to remove signs, placards, litter, and all other materials when the approved activity period ends.
- Any activity that results in damage or destruction of property owned or operated by the College or property belonging to students, faculty, staff, or guests of the College is prohibited.
- In the case of inclement weather, the assembly, demonstration or protest activity will be postponed until the next available assembly date that the group would like provided that the Public Forum Area is available during that date and time.
- Compliance with the Georgia Highlands College Student Code of Conduct regulations, Georgia Highlands College policies and procedures, University System of Georgia policies and procedures, applicable city laws, Georgia state laws, and federal law is required.

The College reserves the right to deny individuals or groups the ability to assemble, demonstrate, or protest if the individuals or groups refuse to abide by the administrative procedures and guidelines. The authorized representative and/or person in charge of the expression is required to acknowledge, in writing, compliance with these administrative procedures and guidelines and to agree to make restitution for any litter or damage that occurs due to the expressive activity.

GRADE APPEAL POLICY

Note: All appeals and documentation must be in writing.

1. If a student disagrees with a final grade in a course, he or she should first contact the instructor to see if the disagreement can be worked out. If it cannot be, the student has the right to appeal the grade. A student may not appeal the professional judgment of the faculty member. In all cases the policy in the course syllabus shall prevail in determining the grade. The student's appeal must be based on the belief that the final grade was legally discriminatory in some way or that there was a mathematical error. If the student believes the final grade fits this category and wishes to appeal, he or she should ask the instructor for a written statement as to how he or she arrived at the grade. The instructor must provide the student with this statement.
2. If the student is enrolled in a program with a divisional appeals process, he or she should follow that process as written (again, in writing) and send it (along with the instructor's statement) to the academic dean under whom the instructor works:
 - School of Science, Technology, Engineering, and Mathematics - Dr. Sarah Tesar
 - School of Social Sciences and Education - Dr. Alan Nichols
 - School of Humanities - Dr. Jon Hershey
 - School of Health Sciences - Dr. Michelle Boyce
 - School of Business and Professional Studies - Melanie Largin

The student should explain what grade he or she thinks should have been awarded, and why. Submit all documentation with the explanation. The academic dean may contact the instructor for further documentation.

3. If the problem has not been satisfied to the student's satisfaction, the next step is to appeal to the academic dean. The student should submit the instructor's written statement along with his or her explanation of the dispute.
4. If the student is dissatisfied with the decision of the academic dean, he or she may appeal (again, in writing) to the Vice President for Academic Affairs. All documentation should be forwarded to VPAA's office, along with the student's statement. The VPAA's office has the option to appoint an appeal review committee.
5. If the student is dissatisfied with the VPAA's decision, he or she may appeal to the President of the college. Again, send all the previous documentation to the President. The President's decision is final. The University System Board of Regents does not hear grade appeals.
6. The deadline for appeals shall be the mid-term date of the following semester after the course was taken. (In the case of a spring semester course, this shall be the mid-term date of the following long summer term.)

HAZING/ HARASSMENT

Hazing by definition is: "Any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment, or ridicule. Such activities may include but are not limited to the following: use of alcohol; paddling in any form; creation of excessive fatigue, physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside or inside of the confines of the chapter house; wearing of public apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; and any other activities which are not consistent with academic achievement, fraternal law, ritual or policy or the regulations and policies of the educational institution, or applicable state law."

POLICIES

HAZING/ HARASSMENT (continued)

While hazing is typically associated with organizational candidacy whereby one is attempting to prove and/or earn initiation privileges, it is sometimes used as a method of pre-membership bribery. Such acts are also illegal as they may impose the same mental, emotional and/or physical anguish upon an individual and will be considered equally offensive.

Sanctions for such acts may be severe, as administration will endorse the Student Rights and Responsibilities in accordance with GHC policy and the law respectively. Sanctions include but are not limited to: community service, loss of facility privileges, loss of membership within said organization, temporary or permanent disbandment of organization from campus, or arrest. In such cases, Georgia Highlands College will work to determine the appropriate course of action based on the severity of the offense. Please refer to the official [GHC Anti-Hazing policy](#) for more information and/or reporting.

IMMUNIZATION

The minimum immunization requirements for all University System of Georgia colleges and universities are established by the Georgia Board of Regents. Specific institutions or departments, with concurrence of the president and the Chancellor, may require some immunizations not required for all new students by this policy. Institutions are also authorized to impose additional immunization requirements for students when, in the opinion of the president of the institution and with concurrence of the Chancellor and appropriate public health authorities, there is a substantial risk of exposure to other communicable diseases preventable by vaccination (BoR Minutes, 1990-91, p.114).

All entering Georgia Highlands College students are required to provide Georgia Highlands College with a Certification of Immunization signed by a licensed healthcare provider prior to the start of the term in which they are admitted. The Certificate of Immunization will be kept on file and will be valid throughout the concurrent enrollment of the student.

Students may be exempt from providing documentation of immunizations under the following conditions:

- C. Distance learning- the student is enrolling in Online Only courses.
- D. Permanent or Temporary Immunization exemption- the student is certified by a physician who determined the student cannot be immunized because of medical reasons.

If a student claims an exemption under Religious or Distance learning he/she is subject to the following:

- A. Religious exemption- subject to exclusion in any on-campus activity in the event of an outbreak of a disease for which immunization is required.
- B. Distance learning- subject to having exemption void if the student registers for a course that is offered on-campus or at a campus managed facility, and the student will be excluded from the course until documentation is provided of proof of immunization.

Pursuant to legislation enacted in 2003, all students residing in campus housing are required to sign a document stating that they have received a vaccination against meningococcal disease or reviewed the information provided by the institution (BoR Minutes, October 2003).
