

How to register and get started with Online Tutoring through Brainfuse

1. Go to <http://main.highlands.ga.brainfuse.com> . This link can be found on GHC Tutorial Center website.
2. In the upper right-hand corner, click the Login button.

3. Click the blue words, "Sign Up".

4. Enter your GHC ID number, a username and password of your own creation (choose something you will remember!), your student email, and a password hint and answer.

- Ace the Interview**
Live interview coaching plus tips and resources
- Links and Tips**
Tips and resources to help start your job search

The main features of the program are outlined below, but be sure to check out the other features offered.

Live Tutoring: Students enjoy live, on-demand homework help from Brainfuse-certified tutors in a variety of college subjects. Tutors and students communicate in real-time through the Brainfuse Online Classroom.

Writing Lab: Brainfuse's Online writing lab is designed to help students become better writers through a unique suite of services.

- **Premium Writing Lab:** Students submit their writing through our secure file sharing feature and within 24 hours, our writing specialists evaluate it according to a customized rubric. Rubrics can be customized to a particular institution's evaluative preferences.
- **Live Writing Lab:** Students who want more immediate feedback have the option to login with a live tutor and use our file sharing feature to receive live, one-to-one writing assistance. Our live writing lab is particularly useful during the preparatory stages of the writing process.

Send a Question: Our 24/7 Question Center is ideal for students who have questions outside of service hours or who require a detailed, structured explanation of a difficult academic concept. Students simply submit their question (and even attach supporting documents) and we will respond within approximately 24 hours.

Questions, comments, or concerns should be directed to:
